

Maria do Socorro de Macedo

Brazil - Guaianazes, SP

Phone Number: (11) 98347-5047

Email Address: mariamacedo2xx@gmail.com

Objective: Full-Stack Developer.

Summary of Qualifications:

I am a Full-Stack developer with experience since December 2021, excelling in frontend development with Angular 13, VueJS, and ReactJS frameworks, among other technologies. On the backend, I work with NodeJS/Express and Java with SpringBoot. I embarked on my programming journey in 2020, participating in Rocketseat's bootcamp, where we developed a web scheduling application using React and Node.js, both in Typescript. I have personal projects available on my GitHub. Currently, I am part of the support team for Porto Seguro client.

Stacks:

Angular - Angular Material - React - React Native - Java - Git - CSS - HTML - Javascript - Typescript - Bootstrap - TailwindCSS - Ionic - NodeJS - Styled Componets - Redux - Postgres - MySql - Oracle
